

RS

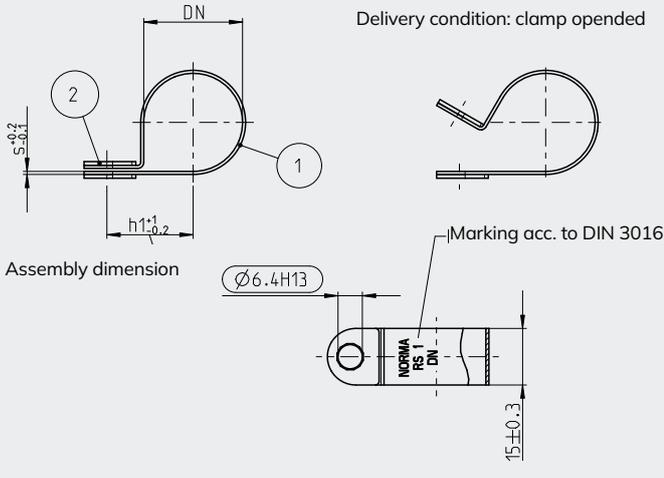

Pipe retaining clips in accordance with DIN 3016

✓ Easy installation and secure fastening

✓ Reinforced band ends for extremely high mechanical loads

RS

Applications

Versatile fixing and retaining applications in the automotive and other industries

Material

Group W1, W3*, W4*, W5

* On request

Additional sizes and materials might be available on request. Please get in touch with us!

Technical Benefits

- ✓ Form fit, adjustable band
- ✓ Prevents retaining sections from tearing or becoming loose during exposure to extremely high mechanical loads
- ✓ Reinforced band ends strengthen the band
- ✓ Can be supplied with rubber profile (RSGU): improved form closure between clip and clamping fixture and damping

The RS clip is part of our broad portfolio. Discover more retain & fix solutions and other products on our new Mobility website: mobility.normagroup.com
